Flexibility for your ideas

The Congress Center can adjust to your wishes. There are 20 different room variations, allowing you the advantage of configuring your conference rooms to accommodate a capacity of 20 to 600 persons. There are eight rooms that offer the highest level of flexibility and all the rooms can be rearranged according to your specific needs: adjustable partition walls, state-of-the-art event technology and individual seating. The vast amount of natural light entering each room brilliantly enhances the distinctive interior design, further affirming that the Congress Center is in a class of its own.

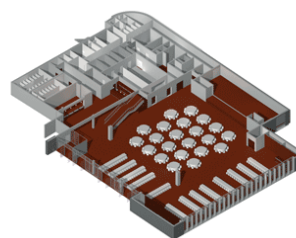

- rooms: 8 flexible conference rooms, all located on one floor
- room form: up to 20 possibilities
- capacity: 20 to 600 persons
- flooring: parquet flooring with underfloor heating (500 kg floor loading capacity per m²)

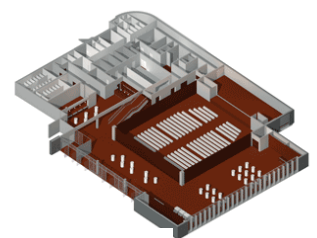

Your event happens seamlessly

Utilizing the highest level of event technology, combined with excellent quality service and strict attention to detail, we take pride in the smooth and trouble-free running of your event. Your specific event equipment can be delivered without difficulty to any room in the Conference Center. We guarantee a smooth process during both assembly and the dismantling of your equipment. A sufficient power supply to accommodate all of your electrical needs is available both inside and outside, thus allowing you total flexibility in shaping your vision. Expand your possibilities and take full advantage of our open spaces with views to the Alps.
